

Analytical Chemists / Certifying Scientist – Clinical LC/MS/MS

Ft. Lauderdale, Florida

Our client is seeking multiple **Analytical Chemists** for a growing **Clinical Toxicology** lab in **South Florida**. The lab is looking for several **Data Reviewers** to process and interpret complex LC/MS/MS data for confirmatory drug testing. They are also looking for a **Certifying Scientist** with experience in toxicological mass spec data review, and a Florida MT/MLT license. These positions are HOT and will be filled ASAP

Primary Responsibilities

- **LC/MS/MS Data Review**
 - Utilize Agilent MassHunter software to process chromatographic data for real-world samples analyzed on the lab's LC/MS/MS systems
 - Provide first level review of patient results and QA/QC data
 - Ensure instrument compliance to acceptable levels of performance; feedback questionable results to analytical team

- **Certifying Scientist**
 - Review data for accuracy or abnormalities and release for reporting (OpenLab LIS software)
 - Provide test results for patient diagnosis and treatment, and Identify and communicate abnormal patient conditions – *includes customer-facing responsibilities*
 - Guidance and oversight responsibility for specimen accessioning/storage, drug screening, drug confirmation analysis, and data review

Primary Qualifications

- Minimum of a B.S. degree in Chemistry or related field (advanced degree preferred for Certifying Scientist)
- Florida MT/MLT license or ASCP cert. required for Certifying Scientist
- Hands on LC/MS/MS experience (Agilent users preferred)
- Knowledge of Quantitative Instrumental Analysis
- WANTED!!!
 - cooperative and friendly scientists who are motivated to provide high quality results

- those interested in joining a growing lab with significant opportunities to expand their experience and further their career

Salary / Benefits

- \$50-80k+ depending on experience
- Full benefits
- Relocation assistance provided
