

## **Service Engineer – Mass Spectrometry (LC-MS)**

### **Greater Boston**

Are you a Scientist or Engineer with experience servicing and repairing Mass Spec instrumentation?  
Are you looking for a dynamic opportunity?

VRS is currently recruiting a Service Engineer in the Greater Boston area. The primary focus of this position will be the repair, maintenance, and installation of a variety of Mass Spec Instruments at customer sites in the Greater Boston area.

### **Primary Responsibilities:**

- Repair, maintain, and install LC-MS/MS instrumentation
- Provide excellent customer support by providing customers with training and technical support for installed instruments/software
- Document and report all repairs, product failures, design change recommendations, and other field service paperwork in a timely fashion
- Manage repair parts inventory
- Train and support staff and less experienced personnel
- Maintain knowledge of current technology and applications

### **Candidate Qualifications:**

- 2+ years working with and repairing HPLC & MS instrumentation (Sciex experience a PLUS!)
- Associate's degree in Electrical Engineering, Technology, Chemistry or related field (BS degree or higher preferred)
- Thorough and logical troubleshooting style
- Strong interpersonal skills; ability to keep cool under pressure
- Driven to provide exceptional service

### **APPLY NOW!**

If this role is of interest to you, and your background is suitable, please email your resume in WORD format to [apply@VRS-US.com](mailto:apply@VRS-US.com)
